Directorate of Distance Education, University of Kashmir is publishing COMMUNICATIONS JOURNAL OF APPLIED RESEARCH IN OPEN AND DISTANCE EDUCATION annually every year. The Journal is dedicated to the promotion and dissemination of knowledge and scholarly information in the area of distance education. The journal publishes original, theoretical, reviewed, empirical articles, scholarly material and research papers in the areas of distance education, where learners are free from the constraints of the time, pace, and place of study. The Communication is one of the first journals to be published with its focus exclusively on these areas of educational practice and it remains a prime source of original and scholarly work in these fields in the state of Jammu and Kashmir. All papers undergo double-blind peer review and are reviewed by members of the Editorial Board with expertise in the areas(s) represented by a paper, and/or invited reviewers with special competence in the area(s) covered. The Editors reserve the right to make minor alterations to all papers that are accepted for publication. Please note that this journal only publishes manuscripts in English. *There is no submission fees or page charges for this journal.* Authors will receive a complimentary copy of the Journal once their paper is published...
